

ZOEI 1500W WIRELESS CHARGING STATION

The Zoei Wireless Charging Station, featuring an impressive output power of 1500W and output voltage of 48V, is designed for floor-mounted installation. Its compact design and wireless docking capabilities allow for seamless, contactless charging with minimal intervention, ensuring low maintenance and efficient operation.

BASIC INFORMATION

Model	ZOEI-CH-W-01
Length	550 mm
Width	148 mm
Height	329 mm
Input Voltage Range	220 - 240 VAC
Input Frequency	50 / 60Hz
Output Power	1500 W
Output Current	30 A
Output Voltage	48 V
Mounting Method	Floor Mount
