

# ZETHA 3000W

## STANDARD CHARGING STATION

The Zetha Series Charging option provides power to the AMR. It's able to autonomously detect, dock and automatically charge, ensuring 24/7 operation with opportunity charging without human intervention.

### BASIC INFORMATION

Model	ZETHA-CH-S-02
Length	300.00 mm
Width	450.00 mm
Height	900.00 mm
Input Voltage Range	175 - 264 VAC
Input Frequency	47 / 63Hz
Output Power	3000 W
Output Current	15 A
Mounting Method	Floor Mount
